COMPONENTS						
351968-0010	T1AE	The T1 audio engine with Integrated ToneMatch® and audio technologies is a powerful, multichannel audio engine designed for use with L1 Compact, Model 1S and model II systems. It contains our largest library of ToneMatch instrument and microphone presets, proprietary zEQ and a complete suite of studio-class effects and sound processors. The T1 comes complete with carry bag, stand adaptor and a digital connection cable (used for connection to L1 mode 1S and II only). Separate power supply is required when connecting to L1 Compact or external devices.		$ 950.00		
351964-0010	B1	The bass module consists of two high output, high excursion 6½" drivers that produce deep, strong bass from the small enclosure. The B1 bass module receives a high-quality output signal from the amplifier within the PS1/PS II power stand. The signal has been conditioned by the active equalisation circuitry. The B1 comes complete with carry cover and speaker cable.		$ 560.00		
353927-0110	B2	The Bose® B2 bass module is a high-performance bass module designed for the Bose L1® Model 1S and Model II systems. It delivers the most low-frequency output for those L1 system users who require more powerful bass for larger audiences. It includes a rear-panel switch with three output settings, each of which is automatically sensed and equalised by the L1 system for optimised performance.		$ 950.00		
ACCESSORIES						
39058	A1 PackLite	The PackLite® amplifier provides a simple, powerful, scalable solution for adding bass level to your Bose setup. Each PackLite amplifier powers up to two additional B1 bass modules. Adding one PackLite amplifier to your PS1 power stand will allow you to run a total of four B1 bass modules from a single system. The PackLite amplifier is also suitable for driving any passive loudspeaker with a minimum load of 4 ohms and a power handling capability of at least 250 watts.		$ 750.00		
42533	TMPS	The T1 power supply provides external power via the RJ45 connection for use when not connected to the PSII power stand.		$ 89.00		
42535	TMSB	The T1 mic stand mount allows for mounting the T1 audio engine to any standard microphone stand.		$ 56.00
